Title: Chairman and principal executive officer

Date: August 3, 2020

**Sky Solar Holdings, Ltd. Announces Recent Developments Regarding the Hudson Dispute in the Cayman Islands Court**

HONG KONG, August 3, 2020 — Sky Solar Holdings, Ltd. (NASDAQ: SKYS) (“Sky Solar” or the “Company”), a global developer, owner and operator of solar parks, today announced that on July 30, 2020 the Grand Court of the Cayman Islands (the “Cayman Islands Court”), following an ex parte proceeding in which the Company was not permitted to appear, issued an order on behalf of Hudson Solar Cayman LP (“Hudson”).

The Order freezes certain of the Company’s assets and appoints three receivers (the “Receivers”) to manage the affairs of the Company’s wholly owned subsidiary, Sky Solar Power, Ltd. (“Sky Solar Power”), which is an intermediate holding entity under the Company. Under the Order, the Receivers have been instructed to protect the value of Sky Solar Power and prevent any diminution in its value, including by the granting of security over its assets, and they have been granted various powers to implement these instructions. The Order also prohibits the Company from taking any steps in relation to the term loan facility, as contemplated in the unsolicited tender offer of Square Acquisition Co., Square Limited, Japan NK Investment K.K., IDG-Accel China Capital L.P., IDG-Accel China Capital Investors L.P., Jolmo Solar Capital Ltd., CES Holding Ltd., Jing Kang, Bin Shi, Sino-Century HX Investments Limited, Kai Ding, TCL Transportation Holdings Limited, Esteem Venture Investment Limited, Mamaya Investments Ltd, Xanadu Investment Ltd. (H.K.), Abdullateef A. AL-Tammar, Development Holding Company Ltd., and Bjoern Ludvig Ulfsson Nilsson (collectively, the “Offeror Group”), as filed with the U.S. Securities and Exchange Commission by the Offer Group on July 6, 2020 and as amended and filed by the Offer Group on July 24, 2020 and July 27, 2020. The Order does not prohibit the Company from dealing with or disposing of its assets in the ordinary course of its business or with prior approval of either the Receivers or the Cayman Islands Court.

Hudson sought the order in connection with the ongoing litigation between it and the Company in the Supreme Court of the State of New York (the “New York Court”) with respect to the Amended and Restated Note Purchase Agreement dated July 15, 2016 (the “Note Purchase Agreement”) between Hudson and certain of the Company’s subsidiaries. The Company is vigorously contesting Hudson’s claims in the New York Court.

The Company intends to file papers with the Cayman Islands Court to seek a hearing among all parties to discharge the Order as soon as possible.

**About Sky Solar Holdings, Ltd.**

Sky Solar is a global independent power producer (“IPP”) that develops, owns, and operates solar parks and generates revenue primarily by selling electricity. Since its inception, Sky Solar has focused on the downstream solar market and has developed projects in Asia, Europe, South America and North America. The Company’s broad geographic reach and established presence across key solar markets are significant differentiators that provide global opportunities and mitigate country-specific risks. Sky Solar aims to establish operations in select geographies with highly attractive solar radiation, regulatory environments, power pricing, land availability, financial access and overall power market trends. As a result of its focus on the downstream photovoltaic segment, Sky Solar is technology agnostic and is able to customize its solar parks based on local environmental and regulatory requirements. As of December 31, 2019, the Company owned and operated 115.1 MW of solar parks.

## Safe-Harbor Statement

This press release contains forward-looking statements. These statements constitute “forward-looking” statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended, and as defined in the U.S. Private Securities Litigation Reform Act of 1995. These forward-looking statements can be identified by terminology such as “will,” “expects,” “anticipates,” “future,” “intends,” “plans,” “believes,” “estimates” and similar statements. Among other things, the quotations from management in this press release and the Company’s operations and business outlook contain forward-looking statements. Such statements involve certain risks and uncertainties that could cause actual results to differ materially from those in the forward-looking statements. These risks and uncertainties include, but are not limited to the following: the reduction, modification or elimination of government subsidies and economic incentives; global and local risks related to economic, regulatory, social and political uncertainties; resources the Company may need to familiarize itself with the regulatory regimes, business practices, governmental requirements and industry conditions as the Company enters into new markets; the Company’s ability to successfully implement its on-going strategic review to unlock shareholder value; global liquidity and the availability of additional funding options; the delay between making significant upfront investments in the Company’s solar parks and receiving revenue; expansion of the Company’s business in the United States and Japan; resolution of disputes; risk associated with the Company’s limited operating history, especially with large-scale IPP solar parks; risk associated with development or acquisition of additional attractive IPP solar parks to grow the Company’s project portfolio; and competition. Further information regarding these and other risks is included in Sky Solar’s filings with the U.S. Securities and Exchange Commission, including its annual report on Form 20-F. Except as required by law, the Company does not undertake any obligation to update any forward-looking statements, whether as a result of new information, future events or otherwise.
